Dear Mr. Post:

The enclosed forms are being sent to you in accordance with Chapter 90.48.160 of the Rules and Regulations of the State of Washington. Those rules specify that any person who conducts a commercial or industrial operation of any type which results in the disposal of liquid waste material into a sewerage system shall procure a Waste Discharge Permit. In order to legally discharge industrial waste into the Municipality of Metropolitan Seattle's sewerage system, a properly filled out application form must be on file with us.

After we receive the completed forms our staff will draft a Waste Discharge Permit. The draft will be sent to you for review, and will be processed as indicated in Metro Resolution 3374 (enclosed).

The enclosed forms are self-explanatory. However, our staff is available should you have any questions. The Metro Industrial Waste Section can be reached by calling 447-6743, 447-6570, or 447-6747. Three copies of the completed application shall be returned to Metro within thirty (30) days. Thank you for your cooperation.

Very truly yours,

Douglas A. Hilderbrand
